Hi,

I wanted to check and see if there any RA ,or pipeline funds, that will be needed in early first quarter. I will coordinate with HQ to get funding in for specific needs if necessary. HQ has asked if there are first quarter RA needs they need to plan for, and I wanted to make sure there aren't some pipeline needs also.

Also –we are working on the Special account funding that will be needed for next FY – we have to have the funds reprogrammed to the region to be able to use them. I'll send out a list soon to see if we are capturing the needs.

FYI – the Program Management 008 report is what HQ will be using for workplanning and the 3 year cost estimates – these RA and pipeline PGM MGT 008 reports were pulled from SEMS on 8-19 for FY 17, 18 and 19.

Thanks,  
Jo Ann
